

BOOK RESUME: 101 QUESTIONS ABOUT REPRODUCTION

101 Questions about Reproduction: Or How 1 + 1 = 3 or More

by Faith Hickman Brynie and illustrated by Sharon Lane Holm

Twenty-First Century Books, Lerner Publishing Group, 2005

ISBN: 9780761323112 (Library Bound)

*Age Range: 12 – 18 (Suggested by Publisher)

Grade Range: Gr 7 and Up (Recommended by *School Library Journal*)

BOOK SYNOPSIS

How do living things reproduce? How do twins, triplets, and other multiple births happen? How does fertilization occur? Find out in this frank and accessible look at reproduction. Set up in a straightforward question and answer format, this informative title asks and answers questions about the basic scientific and social aspects of reproduction. Written in a conversational tone that draws readers in, *101 Questions about Reproduction* is the perfect resource for biology and health classes, reference libraries, and more.

REVIEWS AND PRAISE

"This is a splendid companion to Brynie's *101 QUESTIONS ABOUT SEX AND SEXUALITY*; together the books present informative, complementary coverage for browsers and researchers."—*School Library Journal*

*A NOTE ON AGE RANGES

A publisher-suggested age range covers the gamut of readers that publishers envision using the book, whether for independent reading, family sharing, group study, or in other ways. Educators have the best sense of the appropriate age range for the diverse learners they work with and understand these ranges vary depending on a book's intended use.
