

## BOOK RESUME: ODD ONE OUT

Courtney Cooper and Jupiter Charity-Sanchez (Coop and Jupe!) have been next-door neighbors and best friends since they were seven years old. She's his partner in crime and other half. But lately, Coop can't ignore the fact that he might want something more than friendship from Jupiter.

When Rae Chin moves to town, she can't believe how lucky she is to find Coop and Jupe. Being the new kid is usually synonymous with "pariah," but around these two, she finally feels like she belongs. She's so grateful she wants to kiss him . . . and her.

Jupiter has always liked girls. But when Coop starts daing Rae, Jupe realizes that the only girl she ever really imagined by his side was her.
